Read the paragraph carefully and answer the Q. No. 16, 17, 18, 19 and 20.

The natural environment is the surroundings which helps all types of life to grow and nourish. Natural environment means the air, food, water, plants, animals and other people around us. Natural environment plays a great role in the existence of life on earth and it helps human beings, animals and other living things to grow and develop naturally. Earth day is celebrated all over the world on 22nd April. It is a day to create awareness about our environment. A clean environment is very necessary to live a peaceful and healthy life. Unfortunately our environment is getting more polluted day by day because of some negligence of human beings. Garbage, dirty water, smoke of cars and factories, cutting of trees are the factors creating pollution and destroying the earth. Our environment is in danger because of our careless acts. We need to save our environment preferably by planting trees and controlling smoke of cars and factories. We should save the earth from getting destroyed by minimizing all the harmful factors affecting it.

Q. No.16. The paragraph is mainly about:
