

POLICY GUIDELINES FOR MATHEMATICS PAPER

Paper Pattern and Distribution of Marks Mathematics & General Mathematics SSC-I

The question paper is organized into following three sections, namely: "Section A, B & C": Questions posed may be text based or derived/unseen but in similar pretext and difficulty level as per the lessons taught in the course. Distribution of the questions with respect to cognitive domain within each section shall roughly be around 30 percent Knowledge (K), 50 percent Understanding (U) and 20 percent Application (A).

The Questions in these subjects should be designed in such a manner that no pet-definitions are asked or required from the candidates to be reproduced. Moreover the questions should be appropriately designed whilst keeping in consideration the time for thought-process (particularly in U and A Cognitive Domain questions) and the length of the subsequent text to be produced by the candidates.

SECTION — A

This section consists of question number one with 15 compulsory structured part questions - Multiple Choice Questions (MCQs) of one mark each. These MCQs should preferably be designed in such a way that they cover the whole course taught. These MCQs should objectively test the understanding of the concepts of the candidates in these subjects.

SECTION — B

This section consists of question number two (02) with preferably 14 part questions – Short Response Questions (SRQs) of Four (04) marks each. The candidates are required to attempt (respond to) any Nine (09) SRQs for a maximum total of 36 marks in this section.

SECTION — C

This section consists of Five (05) Extended Response Question (ERQs). Candidates are required to attempt (respond to) any Three (03) of these ERQs as per their choice and convenience. These questions may comprise of two or more part questions each if deemed necessary by paper setter in order to balance out the distribution various concepts and knowledge areas from different Cognitive Domains taught in course. None of these part questions shall be of less than 04 marks.

Annexure for Policy Guidelines for Question Paper

Definitions and Disclaimer

Policy guidelines for paper setting vide Notification No.6-8/FBISE/RES/CC/SSC/823 dated 8 June 2019 have been conveyed for general information. Definitions of some terminologies and disclaimers are given in this annexure.

1. Definitions

I. Cognitive Domains

Cognitive domain refers to development of mental skill and acquisition of knowledge.

In the questions papers developed by Federal Board of Intermediate & Secondary Education, Islamabad from hereon will be intended to test the following cognitive domains of the candidates:

- Knowledge: Approximately 30% Question in each section
- Understanding: Approximately 50% Question in each section
- Application: Approximately 20% Question in each section

i. Knowledge (K)

Knowledge refers to the ability of the candidates to recall the learned or memorized information or data.

Examples

- A child reciting the alphabets of English
- Memorization and reproducing the dates and other facts etc.

e.g. Pakistan came into being on 27th Night of Ramadan-ul-Mubarak.

Related Verbs (Command Words)

Arrange, define, duplicate, label, list, memorize, name, order, recognize, relate, recall, repeat, reproduce, state etc.

ii. Understanding (U)

Understand (also called Comprehension) refers to ability of the candidates to comprehend (a set of) information and/or situation and provide his/her response to it accordingly.

Examples

- Performing analyses and illustrating the observations
- Comprehending the concepts of Social, Natural and Physical Sciences

e.g. Discuss different types of noise and their impact on human health briefly.

Related Verbs (Command Words)

Classify, describe, discuss, explain, express, identify, indicate, locate, recognize, report, restate, review, select, translate, rephrase, differentiate, compare etc.

iii. Application (A)

Application refers to the ability to use learned material in new and concrete situation to solve problems and/or to design a schedule or task.

Examples

- Performing analyses and illustrating the observations
- Comprehending the concepts of Social, Natural and Physical Sciences

e.g. Illustrate the similes and metaphors given in the poem Daffodils.

Related Verbs (Command Words)

Apply, choose, demonstrate, dramatize, employ, illustrate, interpret, operate, practice, schedule, sketch, solve, use, write etc.

II. Sections of Paper

There are three or four (03 or 04) sections in each question paper:

i. Section-A

Contains Multiple Choice Questions (MCQs). All questions are compulsory without any external or internal choice. Usually comprises of 20% of total marks of the (theory if applicable) paper.

ii. Section B

Contains Short Response Questions (SRQ). Candidates may have external choice up to 33%. In addition to that internal choice may also be offered based upon model, content and/or nature of the subject.

- This section may contain almost 50% of total marks in some subjects of the (theory if applicable) paper.

iii. Section C

This section usually contains Extended Response Questions (ERQ). Candidates may have external choice in the questions. In addition to that internal choice may also be offered based upon model, content and/or nature of the subject. For ERQs it should contain around 30% of total marks in some subjects of the (theory if applicable) paper.

III. Choice

Sometimes the candidates are required to attempt a certain number of questions from a given pool or group of questions, it is commonly known as choice in questions.

There are two types of choices

i. External Choice

Whenever the candidates are required to solve (respond to) a certain number of questions from a given pool it is called external choice. This choice may be around 33% in a section.

- e.g.
1. Answer any six parts in about 30-40 words each.
(Out of eight questions)
 2. Attempt any eight questions from the following.
(Out of eleven questions)

ii. Internal Choice

Whenever the candidates have to solve (respond to) a question mandatorily but they have an option within the question it is called internal choice.

- e.g.
1. Paraphrase any ONE of the following stanzas.

- a. Stanza 1
 - b. Stanza 2
2. Translate the following: (Some sentences for translation are given)
- OR**
- Write a Dialogue between a beggar and a citizen

2. Disclaimers

- I.** The cognitive levels written in sample model paper are for explanation purpose only. In the actual question papers administered during examination shall not contain description of these cognitive domains.
- II.** Association of the cognitive domains is solely based on subject expert's judgment and may be subject to errors and/or omissions.
- III.** In the class rooms and during teaching the candidates (students) need to be taught about the time management in accordance with allocation of marks to the questions.

**Federal Board SSC-I Examination
General Mathematics Model Question Paper**

SECTION – A

Time allowed: 20 minutes

Marks: 15

Note: Section-A is compulsory. All parts of this section are to be answered on the question paper itself. It should be completed in the first 20 minutes and handed over to the Centre Superintendent. Deleting/overwriting is not allowed. Do not use lead pencil.

Q.1 Encircle the correct option i.e. A / B / C / D. All parts carry equal marks.

- i. How many students are in the class if 75% of them is 60?
A. 85 B. 75
C. 80 D. 100
- ii. A deceased having no children, left a property of worth Rs.100,000. What is the share of his widow?
A. Rs.2,500 B. Rs.25,000
C. Rs.50,000 D. Rs.12,500
- iii. Zakat on silver amounting Rs.1,500,000 is
A. Rs.37,500 B. Rs.45,000
C. Rs.15,000 D. Rs.3,750
- iv. Loss is there when
A. $S.P > C.P$ B. $S.P = C.P$
C. $S.P < C.P$ D. $S.P = M.P$
- v. The periodic instalment to be paid by the insurer is called
A. bonus B. Maturity
C. premium D. mark up
- vi. The annual income of a flat is Rs.600,000. At what rate a tax amounting Rs.72,000 is being paid?
A. 10% B. 12%
C. 17% D. 24%
- vii. What is the simplified form of $3^{\frac{1}{2}} + 3^{\frac{1}{2}}$?
A. $3^{\frac{1}{6}}$ B. 1
C. $9^{\frac{1}{6}}$ D. $3^{\frac{2}{3}}$
- viii. What is the scientific notation of an expression $\frac{0.084 \times 10^{-10}}{4 \times 10^8}$?
A. 2.1×10^5 B. 0.21×10^6
C. 0.021×10^7 D. 21×10^4

DO NOT WRITE ANYTHING HERE

-
- ix. A.M between 3 and x is 15. What is the value of x ?
- | | | | |
|----|----|----|-----|
| A. | 10 | B. | 27 |
| C. | 75 | D. | -10 |
- x. If $R = \{(4, 5), (5, 4), (5, 6), (6, 4)\}$ then range of R is:
- | | | | |
|----|-------------|----|---------------|
| A. | $\{4, 10\}$ | B. | $\{5, 6\}$ |
| C. | $\{6\}$ | D. | $\{4, 5, 6\}$ |
- xi. If $L \subset M$ then which of the following sets represents $L \cap M$?
- | | | | |
|----|--------|----|------------|
| A. | M | B. | L |
| C. | Φ | D. | $L \cup M$ |
- xii. What is the x- intercept of the graph of $\frac{x}{2} + 4y = 3$?
- | | | | |
|----|---------------|----|---|
| A. | $\frac{1}{2}$ | B. | 4 |
| C. | 3 | D. | 6 |
- xiii. What is the 7th term of a G.P 2, 8, 32,
- | | | | |
|----|-------|----|------|
| A. | 4096 | B. | 8192 |
| C. | 65536 | D. | 2048 |
- xiv. For a set of data 9, 8, 5, 6, 8, 3 median is:
- | | | | |
|----|---|----|------|
| A. | 8 | B. | 6 |
| C. | 7 | D. | 6, 8 |
- xv. For a set of data 6, 2, 4, 3, 4, 5, 4, 5 mode is:
- | | | | |
|----|---|----|---|
| A. | 3 | B. | 4 |
| C. | 5 | D. | 2 |

Federal Board SSC-I Examination
General Mathematics Model Question Paper

Time allowed: 2.40 hours

Total Marks: 60

Note: Attempt any nine parts from Section 'B' and any three questions from Section 'C' on the separately provided answer book. Use supplementary answer sheet i.e. Sheet-B if required. Write your answers neatly and legibly. Log book and graph paper will be provided on demand.

SECTION – B (Marks 36)

Q.2 Attempt any **NINE** parts from the following. All parts carry equal marks. ($9 \times 4 = 36$)

- i. Out of his total income, Hamza spends 20% on house rent and 70% of the rest on household expenditure. If he saves Rs.1800, what is his total income?
- ii. If 4200 soldiers have food for 32 days sufficient at a rate of 12 hectograms per soldier. How many soldiers may leave so that the same food may be sufficient for 42 days at a rate of 16 hectograms per soldier?
- iii. An amount of Rs.4,00,000 left as an inheritance is to be distributed among a widow and four daughters. Workout the share of each.
- iv. If 15% discount on Marked Price of a heater is allowed and still makes a profit of 2%. If it is sold on Marked Price, what is profit percentage?
- v. Rs.3720 are to be divided into three shares in such a way that 1st share would be double, triple to the 2nd and 5 times to the 3rd are equal.
- vi. Mr. Akram got a truck on lease for 5 years through a bank. The price of truck is Rs.2,000,000. He paid 20% of price as down payment. Find mark up on the balanced amount at the rate of 17%.
- vii. Find compound profit on Rs.600 for 4 years at 6% per annum.
- viii. The total taxable income of a person is Rs.4,30,000. If he is given rebate Rs.3,000 on the tax chargeable, then workout the amount he has to pay as an income tax @ 4.5%.
- ix. Simply $\frac{(2ab^2)^4 \times (6a^2b)^2}{4ab \times 16a^2b^2}$
- x. Prove that $\log\left(\frac{a^2}{bc}\right) + \log\left(\frac{b^2}{ca}\right) + \log\left(\frac{c^2}{ab}\right) = 0$
- xi. Insert three A.Ms between 3 and 31.
- xii. If $A = \{1, 7, 11, 15, 17, 21\}$, $B = \{11, 17, 19, 23\}$ and $C = \{2, 3, 5\}$, verify that $(A \cap B) \cap C = A \cap (B \cap C)$
- xiii. If $S = \{1, 2, 4, 8\}$ and $T = \{1, 3, 9\}$
 - (a) Find $S \times T$
 - (b) Write the binary relation $R = \{(x, y) | x \in S, y \in T \wedge y > 2x\}$ in tabular form.
 - (c) Find the domain of R.
 - (d) Find the range of R.

- xiv. For $x + 2y = -2$
- find x when $y = 2$
 - find y when $x = 4$
 - find x -intercept
 - use results of (a), (b), (c) to plot the graph.

SECTION – C (Marks 24)

Note: Attempt any **THREE** questions. Each question carries six marks. (3 × 8 = 24)

- Q.3 A person insured his bus worth Rs.2,500,000 @ 4.5% for 6 years. After two years, he claimed for Rs.400,000. How much loss had he recovered if rate of depreciation is 10%?
- Q.4 What sum of money would produce Rs.630.50 in 3 years at 5% compound profit?
- Q.5 Evaluate by using the logarithm $\frac{\sqrt[3]{8.59} \times (55.6)^2}{2.51 \times \sqrt{2.12}}$
- Q.6 If $U = \{7, 8, 9, 10, 11, 12, 13, 14\}$, $A = \{7, 10, 13, 14\}$ and $B = \{7, 8, 11, 12\}$, then
- find $A \cap B$
 - find A^c
 - find B^c
 - find $A^c \cup B^c$
 - find $(A \cap B)^c$
 - check if $(A \cap B)^c = A^c \cup B^c$
- Q.7 For the given values 1, 2, 3, 4, 6, 8, 11
- find $\sum x$
 - calculate mean \bar{x}
 - for every x , find $x - \bar{x}$
 - find $(x - \bar{x})^2$ for every x
 - find the standard deviation
