Q.9. Read the following passage and answer the questions given in the end.

All of us, as inhabitants of the planet Earth are required to keep our environment clean and safe for us and our future generations. There are many ways to save our environment from destructions. You can help by learning about and practicing the Three R's of waste management Reduce, Reuse, and Recycle. Recycling is away to reduce the amount of garbage that is thrown away. The garbage is sent to land fills, where some of it pollutes the land, air. As a result of recycling, some things that would have been thrown away are reused instead in new products. There are a lot of things that can be recycled, such as glass bottles, newspapers, magazines, plastics, aluminum cans and many more. Even water can be recycled. Before water is reused, it is cleaned and purified at a waste water treatment plant.
